

BAMBOO WOOD VENETIAN BLINDS

The natural material and neutral tones of Taylor Bamboo Wood Venetian Blinds add a calming touch to almost any style of home. We use high quality, eco-friendly bamboo that may appear delicate but is very hard wearing, tolerating long periods of sunlight.

Venetian blinds are a classic window treatment that compliment a wide variety of décor styles, from traditional to modern and functional. These blinds can be fitted to any type of window or door. They allow you to control the amount of light and privacy entering a room by tilting the slats, closing them completely or raising the blind.

Taylor Blinds and Shutters has been manufacturing blinds for over 50 years. It is a member of Trellidor Group, which will continue the Taylor family tradition of supplying innovative, top quality products backed by superb service and warranties.
