

# EXTERNAL ROLLER BLINDS - LOCKSCREEN

External roller blinds are the perfect solution to providing sun and wind protection without compromising on design and aesthetics. Fitted to the exterior of your home or workplace, they shade interiors from harsh sunlight and provide a degree of privacy at the same time.

Taylor Lockscreen external roller blinds have side guide channels that lock the fabric in place. They perform well in wind and eliminate any gap between the fabric and the guide, where light and wind would otherwise enter. They're suitable for external sun protection for windows and sliding doors or inward stacking doors. They're also excellent patio screens, providing sun, wind and rain protection. When combined with a block out fabric they provide darkness and complete privacy.

## FEATURES AND BENEFITS

- Made-to-measure for each door or window
- Reduces glare and heat penetration
- Keeps out wind and rain
- With block out fabric, provides darkness & privacy
- Energy saving
- Choice of manual or automated
