

# STYRO-WOOD VENETIAN BLINDS

This range of Venetian blinds is an excellent choice for areas that are unsuitable for wood versions, such as coastal climates and damp rooms like bathrooms and kitchens. Made from a polystyrene resin base and called Styro-Wood™, these blinds have the look of wood without the warping and fading that is possible in wooden blinds.

Venetian blinds are a classic window treatment that compliment a wide variety of décor styles, from traditional to modern and functional. These blinds can be fitted to any type of window or door. They allow you to control the amount of light and privacy entering a room by tilting the slats, closing them completely or raising the blind.

Taylor Blinds and Shutters has been manufacturing blinds for over 50 years. It is a member of Trellidor Group, which will continue the Taylor family tradition of supplying innovative, top quality products backed by superb service and warranties.

## FEATURES AND BENEFITS

- Made-to-measure for each window or door.
- Slats are 50mm wide.
- Slats can be tilted to control light penetration into a room.
- Lightweight and easy to pull up.
- A short stacking height opens up more of the window or door opening when required.
- Cords, tapes, head and bottom rails are colour co-ordinated to your choice of slat colour.
- Suitable for use in damp areas such as bathrooms.
- Easy to clean and maintain.

## WARRANTY

We pride ourselves on our quality and service and guarantee that the products manufactured in our factory will be free from defects in material and workmanship for a set period from date of delivery. This warranty is given subject to certain conditions.

## AVAILABLE COLOURS

Choose from a wide colour palette to create the ambience you're looking for, from minimalist white to deeper tones. Contact your Trellidor franchise to see the Taylor Styro-Wood Venetian Blinds colour range.

## SUPPLIERS
