

TRELLIDOR CERTIFIED LOCK DOWN SHUTTER

In a first for South Africa, Trellidor has introduced an aluminium roller shutter that locks down so tightly, it's virtually impossible to open, even by a forklift. It's the perfect security solution for high crime risk locations, from the home of custom-designed, high quality protection. And for your peace of mind, safety features include a manual override system in case of power failures, plus an emergency obstacle detector.

All Trellidor security barriers are manufactured at our LPCB ISO audited factory. The manufacturing process includes pre-treatment for enhanced corrosion and UV resistance before undergoing powder coating. This helps to retain the quality finish and increases the lifespan of the barrier, making them suitable for both coastal and inland conditions.

FEATURES AND BENEFITS

- The RH40 double walled skin provides outstanding strength under attack.
- Although double walled, the shutter curtain has a sleek, neat appearance.
- The shutters are fully automated and operated by a hand-held remote control, making it easy and convenient to use.
- The non-mechanical locking system does not rely on the motor, so it functions even during power outages.
- The curtain has a unique combination of alternating slats and actuators that lock into the guide channels.
- The anti-lift side guide channels lock the shutter down tightly.
- Any attempt to lift the shutter with vertical force tightens it further into the closed position, making it impossible to lift even with a forklift

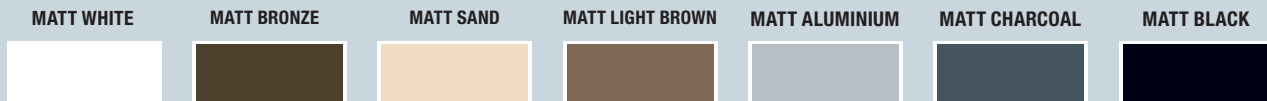

WARRANTY

With the correct maintenance, our products will help keep both corrosion and criminals at bay. Ask your Trellidor Security Consultant about our recommended maintenance regime to ensure the validity of the full warranty.

- | | | |
|------------------------------------|--------------------------|-------------------------|
| • Materials (Aluminium) | Coastal - 5 years | Inland - 5 years |
| • Materials (Steel) | Coastal - 3 years | Inland - 5 years |
| • Motors | Coastal - 5 years | Inland - 5 years |
| • Remotes & Electronics | Coastal - 1 year | Inland - 1 year |

Trellidor security barriers are only available through authorised Trellidor franchises. Our products are all custom-measured, manufactured and fitted by Trellidor trained and certified technicians.

AVAILABLE COLOURS

All Trellidor products are finished in a state-of-the-art powder coating plant, as such the colours on this brochure WILL differentiate from the actual product colour. Should you have any concerns or would like to see the actual powder coated colour, please speak to your Trellidor consultant who will be able to provide you with a physical sample.
