

TRELLIDOR ESTATE SHUTTER

The Trellidor Estate Shutter is the perfect solution for homes and offices in developments with peripheral security. They look beautiful once installed and are easy to use. The louvres are connected internally and are simply tilted by hand to customise the amount of light, fresh air and privacy needed. There are no external metal components to clutter the view or spoil the sleek look of the shutters.

All Trellidor security barriers are manufactured at our LPCB ISO audited factory. The manufacturing process includes pre-treatment for enhanced corrosion and UV resistance before undergoing powder coating. This helps to retain the quality finish and increases the lifespan of the barrier, making them suitable for both coastal and inland conditions.

FEATURES AND BENEFITS OF TRELLIDOR ESTATE SHUTTERS FOR DOORS AND WINDOWS

- Custom-made aluminium louvre shutters for doors and windows.
- Clutter-free internal strengthening features.
- Larger sizes available due to lighter construction.
- No visible fixings ensure a neat outer appearance.
- Colour coded hinges and uniform frames across configurations.
- Patented Trellidor locking system with unique key and serial number.
- Lock is accessible from both sides for ease of use.
- An all-in-one product that replaces blinds, curtaining and burglar bars.
- Pre-treated against corrosion and powder coated.
- Choose the split of connected louvres to suit your light and privacy preferences.
- Unique S-shaped louvre design for good airflow when open.

WARRANTY

With the correct maintenance, our products will help keep both corrosion and criminals at bay. Ask your Trellidor Security Consultant about our recommended maintenance regime to ensure the validity of the full warranty.
