

TRELLIDOR SECTIONAL OVERHEAD DOORS

Lock Out The Worry.
Proven protection with your peace in mind.

Custom-made security solutions that protect people and property.

TRELLIDOR SECTIONAL OVERHEAD DOORS

We manufacture market leading overhead and vertical riser sectional doors that meet a variety of access control needs found within the commercial and industrial sectors. These doors are designed to fit larger spaces, and are easy to operate, quick to open, and attractive in appearance.

COROVIEW®

Aluminium and toughened glass sectional overhead doors.

Slimline sectional overhead doors made from extruded aluminium frames and toughened or laminated safety glass panels. They provide high visibility and are ideal for full opening applications. These doors are popular for fire stations, fitment centres, motor dealer showrooms, retail stores, garages, and verandas.

Why Choose Trellidor Coroview®

- 1 Custom Made**
Choice of glass and/or powder coated aluminium infill panels.
- 2 See-through Security**
Glass panels offer high visibility and an attractive appearance.
- 3 Long Lifespan**
Galvanised steel panels, tracks, hinges, and fittings, treated with an anti-corrosion finish.

COROSTEEL®

Galvanised steel sectional overhead doors.

These are neat, functional, all-purpose doors that are quick and simple to open using electric motors. Corosteel® doors are well-priced, hard-wearing and suitable for industrial buildings, large complexes, car parks, warehouses and other entrances.

Why Choose Trellidor Corosteel®

1 Custom Made

Sectional doors can be punched to have vision panels and/ or ventilation holes.

2 Long Lifespan

Galvanised steel panels, tracks, hinges, and fittings, treated with an anti-corrosion finish.

3 Size Range

Custom made to suit large openings and abnormal heights available on request.

STANDARD FEATURES THAT SET TRELIDOR SECTIONAL OVERHEAD DOORS APART

COROVIEW®

Manufactured from extruded aluminium profiles.

Choice of 4mm toughened glass, 6.38mm laminated safety glass and/ or powder coated aluminium infill panels.

Choice of standard, high lift, and vertical riser configurations.

Custom made to suit opening size, including abnormal heights.

All four sides are sealed with a rubber gasket that protects the opening from dust and weather.

COROSTEEL®

Manufactured from corrosion resistant galvanised steel.

Panels can be punched for vision and ventilation holes.

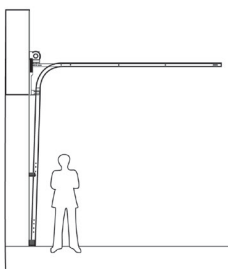

Choice of standard, high lift, and vertical riser configurations.

Custom made to suit opening size, including abnormal heights.

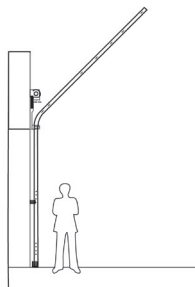

All four sides are sealed with a rubber gasket that protects the opening from dust and weather.

AVAILABLE CONFIGURATIONS (PRODUCT DEPENDENT)

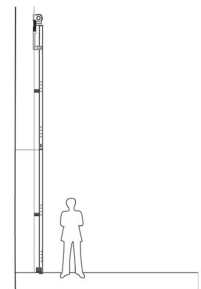

- 1 STANDARD SECTIONAL OVERHEAD**
Has tracks that lift the door up above the opening and inwards at a 90° angle (or aligned to the roof pitch).

- 2 HIGH LIFT SECTIONAL OVERHEAD**
Lifts the door vertically in its tracks to a specified height before bending inwards.

- 3 VERTICAL RISER**
Lifts the door straight upwards in vertical tracks and not inwards.

*These configurations are examples used for illustrative purposes only. The final design of each product will be dictated by site limitations, customer specifications, and location restrictions.

WHY TRELLIDOR?

A BRAND YOU CAN TRUST

We were established in 1976 and have secured millions of doors, windows and other openings since our journey began.

CLOSE TO OUR CUSTOMERS

We have a large network of outlets so that we can provide customised products and expert personalised service with local knowledge.

INNOVATIVE PRODUCT RANGE

We're constantly updating our range to reflect current trends but continue to supply our old favourites that are trusted around the world.

PEACE OF MIND PROTECTION

We invest in international third-party testing and certification of our high-end designs to ensure that our entire range provides the best protection on offer.

DEPENDABLE PRODUCT WARRANTIES

Our warranties are not a sales gimmick. Not only are they internationally verified, they are realistic, reliable, responsible and reflect our confidence in our products.

LONG LASTING INVESTMENT

Our world-class anti-corrosion pretreatment and powder coating process creates a smooth, high-quality finish for a durable product with a long lifespan.

COLOURS

All Trellidor products come in 8 standard colours. Special colours are available on request, allowing you to choose a colour to best suit your decor or your corporate colours.

The Trellidor powder coating system includes a pre-treatment process that enhances our products' corrosion and UV resistance. The powder coating is ideal for coastal and inland conditions and increases the lifespan of the barrier by retaining its quality finish.

*Actual colours may vary slightly due to device settings, differences in printing substrates, or personal perceptions of colour.
