

A photograph of a white building with a stone pillar and a metal door. The pillar is made of rough-hewn stones and has a white, angular structure on top. The door is made of metal with a diamond pattern. A small lantern is mounted on the wall to the left of the door. The sky is blue with some clouds.

TRADITIONAL TRELLIDOR RESIDENTIAL TROJAN RANGE

Lock Out The Worry.

Unmatched, custom-made protection you can trust.

TRELLIDOR TRADITIONAL TRELLIS SECURITY GATES

A series of customised, fully framed trellis-patterned gates engineered to resist attack while being easy to slide and operate. The gates are fitted to doors and windows and are also available as fixtures (non-opening burglar bars).

TROJAN T5

Proven strength at an affordable price.

Galvanised steel sliding gates that provide protection from intruders. This reasonably priced design offers a choice of Slamlock or Deadlock.

Why choose Trojan T5

- 1 Custom Made**
Custom made, fully framed, security gate, professionally installed at an affordable price.
- 2 Lock Choice**
Choose between purpose designed, strong Trellidor Slamlock and Trellidor Deadlock.
- 3 Proven Protection**
Meets the exceptional standards expected of a Trellidor security barrier.

TRELLIDOR TRADITIONAL TRELLIS SECURITY GATES

A series of customised, fully framed trellis-patterned gates engineered to resist attack while being easy to slide and operate. The gates are fitted to doors and windows and are also available as fixtures (non-opening burglar bars).

TROJAN TX

Enhanced strength for improved attack resistance.

Fully framed galvanised steel gates with added strengthening bottom row of links for enhanced strength under attack.

Why choose Trojan TX

- 1 Lock Choice**
Choose between purpose designed Trellidor Slamlock and Trellidor Deadlock locking systems.
- 2 Two Hole Links**
The Trojan TX includes an extra row of links, at the bottom of the configuration, for added protection.

TROJAN ALU TX

Smooth surfaced affordable aluminium security.

Aluminium gates that have no visible rivets on the outer surfaces. Ideal for doors and window security in coastal locations.

Why choose Trojan Alu TX

- 1 Corrosion Resistant**
U-shaped profiles ensure all surfaces are treated with a superior anti-corrosion powder coating.
- 2 Multiple Locking**
Standard two-point locking system with one key point.
- 3 Sleek and Seamless Design**
No rivets on the uprights ensure a smooth, uninterrupted surface for a modern and refined appearance.

TROJAN ALU CLASSIC

Smooth surfaced aluminium security gates.

Structural grade aluminium gates that have a pleasing, smooth exterior with no visible rivets on the outer surfaces. Strong, robust and corrosion resistant, they are ideal for coastal locations.

Why choose Trojan Alu Classic

1 Corrosion Resistant

U-shaped profiles ensure all surfaces are treated with a superior anti-corrosion powder coating.

2 Proven Protection

Extensively attack tested to meet the exceptional standards expected of a Trelidor security barrier.

3 Sleek and Seamless Design

No rivets on the uprights ensure a smooth, uninterrupted surface for a modern and refined appearance.

ALU CLASSIC
ATTACK TEST

TROJAN CLASSIC

Strengthened premium sliding barriers.

Designed to provide top quality protection, these fully framed galvanised steel gates have few comparable rivals in terms of resilience under attack.

Why choose Trojan Classic

1 Lock Tamper Protection

Fitted with a strong, tamper resistant integrated lock stile shroud to protect against attacks at the locking points.

2 Attack Resistant Top Track

Top track with integrated shroud is unrivalled for resistance against attack.

OUR STANDARD FEATURES THAT SET TRELLIDOR TRADITIONAL SECURITY APART

- All steel components are roll-formed, hot dipped galvanised and powder-coated with UV resistant treatment.
- U-shaped profiles ensure all surfaces are treated with a superior anti-corrosion powder coating.
- T-shaped bottom track for a fully framed solution with enhanced strength and easy maintenance.
- Single lock engages multiple locking points.
- Top hung wheels and links across three uprights for smooth operation.

AVAILABLE CONFIGURATIONS

*These configurations are examples used for illustrative purposes only. The final design of each product will be dictated by site limitations, customer specifications, and location restrictions.

	MIN (W)	MAX (W)	MIN (H)	MAX (H)

WHY TRELLIDOR?

A BRAND YOU CAN TRUST

We were established in 1976 and have secured millions of doors, windows and other openings since our journey began.

CLOSE TO OUR CUSTOMERS

We have a large network of outlets so that we can provide customised products and expert personalised service with local knowledge.

INNOVATIVE PRODUCT RANGE

We're constantly updating our range to reflect current trends but continue to supply our old favourites that are trusted around the world.

PEACE OF MIND PROTECTION

We invest in international third-party testing and certification of our high-end designs to ensure that our entire range provides the best protection on offer.

DEPENDABLE PRODUCT WARRANTIES

Our warranties are not a sales gimmick. Not only are they internationally verified, they are realistic, reliable, responsible and reflect our confidence in our products.

LONG LASTING INVESTMENT

Our world-class anti-corrosion pretreatment and powder coating process creates a smooth, high-quality finish for a durable product with a long lifespan.

COLOURS

All Trellidor products come in 8 standard colours. Special colours are available on request, allowing you to choose a colour to best suit your decor or your corporate colours.

The Trellidor powder coating system includes a pre-treatment process that enhances our products' corrosion and UV resistance. The powder coating is ideal for coastal and inland conditions and increases the lifespan of the barrier by retaining its quality finish.

*Actual colours may vary slightly due to device settings, differences in printing substrates, or personal perceptions of colour.
